

MANISH THAKUR

Noida, Uttarpradesh, 203207

Ph: 9717396979 Email: msh.rajput007@gmail.com Profile: [Linkedin](#)

Technical Skills

Languages: SQL, JavaScript, PHP, Node.js, React, HTML5, CSS3, Python

Database: MySQL

Developer Tools: VSCode, Git, Postman

Technologies/Frameworks: Bootstrap, WordPress, Sprint Boot

Others: Data Structure & Algorithms, OOPS, Automation

Work Experience

VVnT SeQuor

05/2025-present

Software Developer

Noida, Uttar Pradesh

- Unified multiple open-source testing tools (Cypress, Lighthouse, ZAP, AndroBugs, Sikuli) into a single automated dashboard.
- Automated usability, performance, and security testing workflows for faster and more consistent quality assurance.
- Integrated AI capabilities through LangChain, Llama Index, and Ollama to enable an intelligent chatbot for documentation and testing support.
- Delivered real-time test analytics and visualization through a React.js-based dashboard backed by Spring Boot microservices.
- Improved test efficiency, report generation, and result accessibility by 40% through optimized API workflows and MySQL data persistence.
- Enhanced scalability and maintainability with containerized deployment using Docker and asynchronous request handling.

Deopersindia

07/2024- 05/2025

Software Developer

Noida, Uttar Pradesh

- Optimized and strengthened existing REST APIs, achieving up to **95% faster response times** and improved system reliability.
- Developed **modern user interfaces** using **ReactJS 18** with reusable and modular components for enhanced maintainability.
- Engineered a **robust backend system** using **WordPress and PHP**, improving application responsiveness by **40%** and ensuring a smoother user experience.
- Executed **comprehensive unit testing** with **Cypress**, achieving **60% code coverage** and ensuring higher software stability.
- Delivered **scalable and high-performance solutions** by integrating PHP with other cutting-edge technologies, maintaining strong focus on quality and efficiency.

Education

Hi-Tech Institute of Engineering & Technology

08/2020-08/2024

Master of Computer Application (MCA)

CGPA: 8.32

Hi-Tech Institute of Engineering & Technology

07/2019-04/2022

Bachelor of Computer Application (BCA)

Percentage: 87%

S.G Inter College

04/2018-04/2019

Intermediate

Percentage: 93.2%

Certificates/Achievements

- Completed 3-week course on Test Automation with **Cypress** from **Geeks for Geeks**
- Completed 5-week course on **PHP** from **Geeks for Geeks**
- Completed 3-week course on **Node.js** from **Geeks for Geeks**
- Recognized for Leadership and teamwork skills During **University Campus**.
- Award for Outstanding Academic performance in **MCA Program**.
